

Bird-X Bird Repellent Liquid

**Keep birds from roosting or landing on any surface
Sticky repellent for large areas, trees, shrubs and other
hard-to-reach areas.**

Easy to apply with a 40 psi power or hand sprayer, or paintbrush. Safe to use in any weather, indoors or outdoors

How & Why it Works

The Bird-X bird proof liquid's non-toxic formula creates a sticky surface that is uncomfortable to birds. Birds don't like the sticky feeling under their feet and learn to avoid the area in the future. Bird-x bird repellent liquid is easy to apply using a 40 psi power or hand sprayer or paintbrush. It is ideal for any surface

Specifications

The bird repellent liquid comes in a 1 gallon bottle. Each gallon treats approximately 120 square feet of surface or an average tree with a five inch diameter trunk. The product remains tacky and effective for up to a full year or longer

Applications

Pests: Sparrows, Pigeons, Starlings, Mynas and other small pest birds.

Uses: Trees, branches, shrubs and hard-to-reach areas.
