

Giant Scare Eye Visual Bird Chaser

Chase pest birds away with the Bird-X Giant Scare Eye visual bird chaser. Scary eyes and a moving tail strike fear and repel unwanted birds.

How it works

The Giant Scare Eye bird chaser will scare away flocks of nuisance birds that are repelled by its bright color and unusual design. The Giant Scare Eyes come in three colours: yellow, white and black. Research shows that maximum effectiveness is obtained by rotating colours.

Specifications

- Hanging vinyl ball with reflective Mylar “eyes” and reflective “tail”
- Available in three colors: yellow, white and black
